ACCESSING BUSINESS ONLINE

Signing In

You will access Business Online from www.hillcrestbank.com. You will also need the following

- Company ID
- User ID
- Starter password

The first time you sign in using your initial password, you will be prompted to change your password.

- Start your Internet browser
- Go to www.hillcrestbank.com

The 'Sign in to' login box will appear in the top-left corner of the homepage. Select 'Business Online' from the drop down options:

From the Business Online login option:

1. Enter the Company ID and the User ID. Click Continue.
2. Click Sign on. The Advanced Authentication page appears.

An extra layer of security is needed to complete this request.

Sign in to Business Online

Company ID: 1234567

User ID: UserID

One-Time Security Code

 When you continue, we will call or send a text message and ask you to enter a one-time code.

[Continue with Security Code](#) [Cancel](#)

[Enter different Company/User ID](#)

3. Click the Continue with Security Code button. The Tell us where to reach you page appears:

One-Time Security Code

Tell us where to reach you

Don't recognize these phone numbers?

You might have entered an incorrect user ID. Return to the sign-in page and re-enter your user ID. If you recognize the phone numbers, but they are no longer accurate, contact .

Phone:

☐ (XXX) XXX-2883
☐ (XXX) XXX-3745

Text Message:

☐ Send a text message to a mobile phone on record.

Note: Standard text message rates apply. Please contact your wireless carrier for details.

Continue

Cancel

[My phone number is not listed](#)

4. Select the preferred choice of contact. If using Text Message, the phone number must be registered for the Business Online User.
5. Click Continue. Depending on the communication option chosen (telephone or text), the following pages will be displayed:

Telephone Authentication

One-Time Security Code

Please wait for your phone call. We are now calling (xxx) xxx-2883. During the call, you will be asked to enter the one-time security code displayed below.

Once you complete the phone call, click Phone Call Completed.

One-time security code: **73342**

Phone Call Completed

Cancel

[I didn't receive a phone call](#)

The Business Online user will then receive an automated phone call that instructs you to enter the one-time security code displayed on the Enter the Security Code dialog.

Click Phone Call Completed.

Text Message Authentication

The Business Online user will be prompted to enter a mobile phone number where the text message can be sent.

Note: The mobile phone number must be registered for the Business Online User.

One-Time Security Code [X]

Enter your mobile phone number

Please enter the mobile phone number you have on record with us.

Important: By clicking Send Text Message, you agree to the [Terms of Use](#). Standard text message rates apply. Contact your wireless carrier for details.

Country/region: [v]

Mobile phone number:

Area/city code and local number

1. Click the Send Text Message button. The One-time Security Code page appears. The security code will be sent to the mobile phone.
2. Complete the process by entering the One-time security code.

One-Time Security Code [X]

Enter the security code

A text message with a one-time security code has been sent to (xxx) xxx-2817.

Note: Text messages can take a few minutes to be received.

One-time security code:

[I didn't receive a text message](#)

3. Click Submit.
4. The enter password page appears
5. Enter Password.

The initial password provided in the security letter or provided to you by the Company Administrator. The required password length is set by your bank and is subject to change. Passwords can be a combination of letters, numbers and following special characters; @ # \$. Passwords are case sensitive.

Reset Password

New password:

Confirm new password:

Submit Cancel

Password requirements: 0 of 6 requirements met

Your password:

- Must be 8 to 12 characters long.
- Must include at least three of the following: lower case letter, upper case letter, number, special character.
- Cannot include spaces.
- Cannot include a character that repeats more than 3 times.
- Can include the following characters:
! @ # \$ % ^ & * () _ + = | / ? : . } { - []
- Is case sensitive.

6. The Business Online Welcome Page appears.

Signing Off

It is important to sign off of Business Online since it is a secure banking application. If you do not use your keyboard within 15 minutes, the application automatically signs you out. Regardless of your keyboard use, the secure Internet connection expires after 15 minutes. You can sign off at any time by performing the following:

7. Click Sign Off in the upper right corner. The Sign On page reappears.

COMPANY USER LOGIN CREDENTIALS

About Company User Passwords

Business Online Banking uses strong password controls that require company users to use a combination of special characters, letters, and/or numbers.

Company users are required to change their password the first time they sign on.

Company User Password Requirements

Standard Passwords

The following requirements apply to company user passwords:

- Must be at least 8 characters in length but no more than 12.
- Must include a combination of 3 of the 4 following types of characters:
 - **Upper case letter:** A through Z
 - **Lower case letter:** a through z
 - **Numbers:** 0 through 9
 - **Special characters:** # \$ @ ! % ^ & *) (_ + = | / ? ; : . } { - []
- Cannot include more than three consecutive identical characters. For example, t@llllama is not allowed but t@lll lama is.
- Cannot be the same as the associated user ID.
- Cannot be one of 15 previously used passwords. The exception to this requirement is temporary passwords issued by company administrators or financial institutions.

Company User Password Expiration

Temporary Passwords

Temporary passwords (issued by a company administrator or financial institution) expire 10 days from the date they were issued/created.

Enrollment & Standard Passwords

Standard (non-temporary) passwords expire 90 days from the date they were issued/created.

Company User Password Changes

Company users can change their own password once per day. This applies to all company users regardless of their assigned role.

Subsequent Password Changes

Company users who have changed their own password and need it changed again in the same day should contact their company's administrator or financial institution for a temporary password.

Once company users sign on using a temporary password they are required to change it.

Password Alerts

Company users are automatically notified by e-mail when they change their password or their password is changed by an administrator.

Login Attempts and Locked Accounts

Company users are allowed three unsuccessful login attempts before their account is locked and access is prevented.

A locked account can be unlocked by:

- **A company user who has the Administration role.** A password change is not required in this case.
- **The company's financial institution.** Company users are provided a temporary password and are required to change it upon signing on.
- **The company user whose account is locked.** A *Locked Password* page is presented during sign-on to a company user who has a locked or inactive status and:
 - Out-of-Band Authentication is enabled for their company.
 - Token Authentication is not enabled for their company.

Note: *Passwords can only be reset once per day. A company user whose account has been locked by a company administrator cannot reset their password. The **Locked Password** page may not be available to all companies*

About Forgotten Password

Forgotten Password allows company users to create a new password if they have forgotten their password.

Create a New Password Using Forgotten Password

1. Go to the sign on page and complete the following fields:

Company ID	Your company's identification number.
User ID	Your user identification number.
2. On the password page, click the **Forgot your password?** link.
3. Click **Continue**.
4. Click **Continue with Security Code**.
5. Choose a contact option: **Phone** or **Text message (if applicable)**.
6. Click **Continue**
7. Do one of the following:
 - If you chose to be contacted by phone, note the one-time security code shown on the screen and then type or speak the code into the phone once you receive your phone call.
 - If you chose to be contacted by text message, select a **Country/region**, fill in the **Mobile phone number** with your phone number, and then click **Send Text Message**. If the mobile phone number matches a number on record, a text message containing a one-time security code is sent to your phone.
 - In the **One-time security code** field, type the one-time security code displayed on your mobile device and then click **Submit**.
8. Complete the following fields:

New password	Create a password following the Company User Password Requirements .
Confirm new password	The password typed into the New password field.
9. Click **Submit**.
10. Click **Continue**.

WELCOME

About the Welcome Page

The *Welcome* page appears upon a company user's successful sign on and provides an at-a-glance view of important information.

Welcome Page Components

Item Number	Item Description
1	The user greeting, the date and time the user last accessed the system, and SignOff link.
2	The main navigation menu.
3	The favorites icon. User can click this to access links to their favorite pages.
4	<p>The product name banner with global navigation links. This banner is displayed above every Business Online Banking page.</p> <p>The Approvals link allows users to view pending approvals for transfers, transactions, templates, schedules, account reconciliation items, positive pay items, ACH/wire files, and user administration.</p> <p>The Exceptions link allows users to view and act on ACH and/or check positive pay exceptions awaiting decision or approval.</p>
5	<p>The Display options link allows users to choose the accounts they want displayed in the Account Summary section and the order in which they are displayed.</p> <p>The Balances link provides users with explanations of different balance types such as available and accessible.</p>
6	The Account Summary section. Users can click the accounts to go to their entitled reporting service to view activity.
7	The Exception Decisions section shows ACH and/or check positive pay exceptions awaiting decision or approval. Users can click the exceptions to go to the <i>Manage Exceptions</i> page.

Item Number	Item Description
8	<p>The Alerts and Message section where alerts, bank mail, and bulletin messages appear. Clicking an alert or mail message presents the message in a modal dialog window on the <i>Welcome</i> page. Users can click the View All link to go to the <i>Received Mail and Alerts</i> page.</p> <p>When a user has not received alerts and bank messages in the last seven days, the following message is displayed: You have received no alerts or bank messages within the last seven days.</p>
9	All saved reports/searches. Saved reports are available to users who have the Deposit Account Reporting (Premium Reporting) service.
10	The Contact Us section includes your institution's contact information and bank home page link.
11	The footer area includes links to your institution's disclosure and privacy documents and any brandable footer content.

Welcome Page Sample

The screenshot shows a bank's welcome page for a user named Jane. The page layout includes a top navigation bar, a main content area with several sections, and a footer. Red callout numbers 1 through 11 are placed over specific elements:

- 1:** Top right corner, user greeting "Hi, Jane" and "Sign Off" link.
- 2:** Top navigation bar, "Administration" link.
- 3:** Top left, "My Brand" logo.
- 4:** Main content area, "Approvals" link.
- 5:** Main content area, "Display Options" link.
- 6:** Main content area, "Accounts Summary" section, specifically the "Inc Wire Rept Acct" row.
- 7:** Main content area, "Exception Decisions" section, specifically the "Check" tab.
- 8:** Right sidebar, "Alerts and Messages" section, specifically the "Internal Transfer Failed" alert.
- 9:** Right sidebar, "Saved Reports" section, specifically the "Jane's Saved Report" link.
- 10:** Bottom right, "Contact Us" link.
- 11:** Bottom center, "FDIC" logo.

The main content area includes sections for "Digital One Business", "Accounts Summary" (with a table of balances), "Exception Decisions" (with a table of decisions), and "Alerts and Messages" (with a list of alerts). The footer includes links for "Disclosure" and "Privacy Statement".

MAIL

About Mail

Mail is used to exchange secure messages between company users and financial institutions.

Mail messages are displayed for 90 days, after which they are archived for three years. Mail messages are automatically deleted after 90 days.

Mail Information

Date: 04/20/2020 01:48 PM (ET)

From: BANK

Subject: Account Inquiry

Thank you for inquiring on how to get another account added to your internet banking. Reply to this message with the information about your account. If you would prefer, you can include the information in an attachment to the message. We will have the account added within 5 business days of receiving your request.

-----Original message-----

Date:04/20/2020 13:26:22AM(ET)

From:230615-ADMIN

To:BANK

Subject:Account Inquiry

Please contact me regarding adding a new account to my internet banking. I need to know how to proceed. Thank you.

Reply to Received Mail Messages

1. Click **Administration > Communications > Mail and Alerts**.
2. Click the link in the **Subject** column for the message to which you want to reply.
3. Click the reply icon (✉) beside the **Mail Information** heading.
4. **Optional:** Select a **Service** to associate with the message.
5. **Optional:** Select an **Account** for the selected service.
6. **Optional:** Click the **Add Attachment** link to attach a document to the message. The attached document cannot exceed 5 MB.
7. Type a response to the message in the **Message** field. 10,000 alphanumeric characters are allowed for the message including the original message text.
8. Click **Send Message**.

Received Mail - Reply Page Sample

The screenshot shows the 'Received Mail Reply' page within the 'Communications' section. The page has a breadcrumb trail: 'Mail and Alerts > Sent Mail > Forms and Documents > Manage Alerts > Contact Us'. Below this is a 'Back' button. The main heading is 'Received Mail Reply'. The form is divided into two columns. The left column contains 'To:' and 'Subject:' labels. The right column contains the following fields: 'CUSTOMER SUPPORT' (To), 'Re: test' (Subject), a 'Service (optional)' dropdown menu, a '(Select Service to display associated accounts.)' label, an 'Account (optional)' dropdown menu, a '(Accounts associated with selected service.)' label, and an 'Add Attachment' link with a plus icon. Below these fields is a 'Message:' label. The message body is a large text area with a blue border, containing the original message text: '-----Original message-----', 'Date: 06/12/2020 07:21:46AM(ET)', 'From: CUSTOMER SUPPORT', 'To: 211799-ADMIN', 'Subject: test', and 'test'. Below the text area is a '(10,000 characters maximum)' label. At the bottom of the page are three buttons: 'Send Message' (green), 'Cancel' (white), and 'Contact Us' (green with a plus icon).

Send Messages

1. Click **Administration > Communications > Contact Us**.
2. Complete the following fields:

To	Predefined contact list(s) for the financial organization.
Subject	What the message is about (up to 120 alphanumeric characters).
Service (optional)	If the message pertains to a particular service, select it from a predefined list of entitled services.

Account (optional) If the message pertains to a particular account for the selected service, select it from a predefined list of entitled accounts. Account numbers are masked for security.

Add Attachment (optional) Click **Browse** to attach a document to the message. Up to 5 MB is supported for the attachment.

Message Type the message content (up to 10,000 alphanumeric characters).

3. Click **Send**.

ALERTS

About Alerts

Alerts are messages that inform company users that a specific event has taken place.

Alert messages are displayed in Business Online Banking for 90 days, after which they are archived for three years. Alerts are not automatically deleted.

Alerts are delivered in Business Online Banking through email. Alerts are always sent to company users in their Business Online Banking mailbox. Company users can also have alerts delivered to their primary and/or secondary e-mail address.

There are many alerts available to help companies reduce the risk of fraud stay on top of account, transaction, and user activity. The combination of user roles, services, and account entitlements determine the alerts available to company users. Messages are delivered throughout the day depending on the topic and when the information is available. Mandatory alerts notify company users of important events and cannot be turned off. Mandatory alerts appear with a check mark and cannot be deleted.

The *Manage Alerts* page provides a central area for company users to manage their alert subscriptions. It includes the following categories of alerts: Account Alerts, Non-account Alerts, Multiple Accounts, and Custom Alerts.

Account Alerts are divided into the following subcategories:

- Balance and Activity
- Transfer and Payment
- Account Reconciliation & Positive Pay
- Stop Payment
- Statement and Document
- Wire Transfer

Non-account alerts are not sub-categorized. Custom alerts are notifications that company users define and are ideal for setting up reminders for something such as payroll.

Read Received Alert Messages

1. Click **Administration > Communications > Mail and Alerts**.
2. Click the link in the **Subject** column for alert you want to view.

Issue File FTP Completed with Errors Alert

Notifies company users when a check issue file is transmitted through file transfer protocol (FTP) but has errors.

The Issue File FTP Completed with Errors alert is optional.

Requirements

Service	Role	Account Type	Account Entitlement
Full Account Recon or Positive Pay	N/A	N/A	N/A

Issue File FTP Completed with Notes Alert

Notifies company users when a check issue file is transmitted through file transfer protocol (FTP) and provides details for some records in the file. For example, when a record is successfully uploaded but has a zero-dollar amount.

The Issue File FTP Completed with Notes alert is optional.

Requirements

Service	Role	Account Type	Account Entitlement
Full Account Recon or Positive Pay	N/A	N/A	N/A

Issue File FTP Failed Alert

Notifies company users when a check issue file fails to transmit through File Transfer Protocol (FTP).

The Issue File FTP Failed alert is optional.

Requirements

Service	Role	Account Type	Account Entitlement
Full Account Recon or Positive Pay	N/A	N/A	N/A

Issue File FTP Successful Alert

Notifies company users when a check issue file is successfully transmitted through File Transfer Protocol (FTP).

The Issue File FTP Successful alert is optional.

Requirements

Service	Role	Account Type	Account Entitlement
Full Account Recon or Positive Pay	N/A	N/A	N/A

Issue File Import Completed With Errors Alert

Notifies company users when an issue file is imported with errors.

The Issue File Import Completed With Errors alert is optional.

Requirements

Service	Role	Account Type	Account Entitlement
Full Account Recon or Positive Pay	N/A	N/A	N/A

Issue File Import Failed Alert

Notifies company users when an issue file fails to import because the format is incorrect.

The Issue File Import Failed alert is optional.

Requirements

Service	Role	Account Type	Account Entitlement
Full Account Recon or Positive Pay	N/A	N/A	N/A

New Balance Account Alert

Notifies company users daily when a new account is available.

The New Balance Account alert is mandatory.

Requirements

Service	Role	Account Type	Account Entitlement
N/A	N/A	N/A	N/A

Password Changed Alert

Notifies company users when a user's password is successfully changed.

The Password Changed alert is mandatory.

Requirements

Service	Role	Account Type	Account Entitlement
N/A	N/A	N/A	N/A

Stop/SMS Opt Out Alert

Confirmation message for users who opt out of receiving text message alerts.

The Stop/SMS Opt Out alert is mandatory.

Requirements

Service	Role	Account Type	Account Entitlement
N/A	N/A	N/A	N/A

Telephone Number Changed Alert

Notifies company users when they add or change a telephone number.

The Telephone Number Changed alert is mandatory.

Requirements

Service	Role	Account Type	Account Entitlement
N/A	N/A	N/A	N/A

Updated User Entitlements Alert

Notifies company users when their service entitlements have changed.

The Updated User Entitlements alert is optional.

Requirements

Service	Role	Account Type	Account Entitlement
N/A	N/A	N/A	N/A

User Profile Activity Alert

Notifies a company's administrator when a company user profile is added, changed, or deleted by another company administrator.

The User Profile Activity alert is optional.

Requirements

Service	Role	Account Type	Account Entitlement
N/A	Administration	N/A	N/A

User Profile Approval Pending Alert

Notifies a company's administrator when a request to add, change, or delete a company user profile requires approval.

The User Profile Approval Pending alert is optional.

Note: Company users receive this alert even if they have already provided an approval.

Requirements

Service	Role	Account Type	Account Entitlement
N/A	Administration	N/A	N/A

User Telephone Number Changed Alert

Notifies company administrators when another company user changes their telephone number.

The User Telephone Number Changed alert is optional.

Requirements

Service	Role	Account Type	Account Entitlement
N/A	Administration	N/A	N/A

Welcome/SMS Opt In Alert

Welcome message for company users who opt in for SMS message alerts.

The Welcome/SMS Opt In alert is mandatory.

Requirements

Service	Role	Account Type	Account Entitlement
N/A	N/A	N/A	N/A

SELF ADMINISTRATION

Change a Password - Company Users

Change the password you use to access Business Online Banking. Company users can change their own password once per day.

1. Click **Administration > Self Administration > Change Password**.
2. Complete the following fields:

Current Password Your existing password.

New Password Create a password following the [Company User Password Requirements](#).

Confirm Password The password typed into the **New Password** field.

3. Click **Update Password**.

Locked Passwords

Company users with a locked or inactive status can reset their own password during their sign on to Business Online Banking. Company users can change their own password once per day.

A locked user is someone who has entered their password incorrectly three times consecutively. An inactive user is someone who has not signed on to Business Online Banking for 90 days (or 10 days with a temporary password).

Note: *This function might not be available to some company users. A company user who is locked by a company administrator cannot unlock themselves.*

If your Business Online Banking is locked or inactive, a *Locked Password* page is displayed during your sign-on.

Locked Password Page Sample

Clicking **Continue** takes a company user through the authentication step (described in [Sign On - Company Users](#) section of this document) and then to a page where their password can be reset.

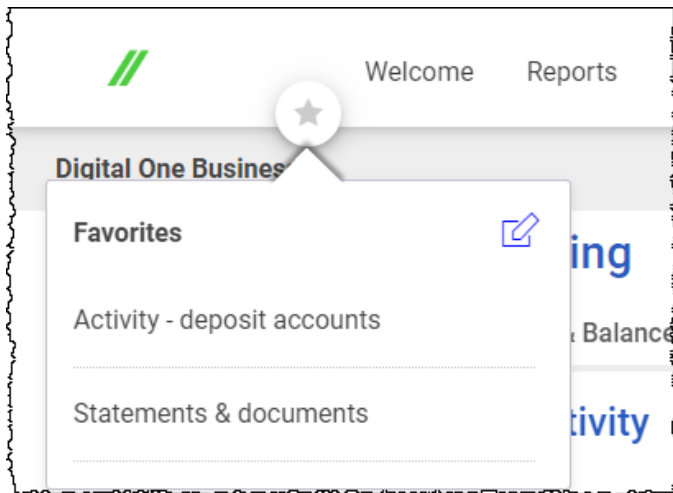

Change My E-mail Addresses - Company Users

1. Click **Administration** > **Self Administration** > **Personal Preferences**.
2. Click the edit icon () beside the email address you want to change.
3. Change the **Primary Email Address** and/or **Secondary Email Address** as needed. Up to 100 alphanumeric characters are allowed.
4. Click **Update**.

About Favorites

Favorites are hyperlinks to frequently used pages (up to five pages). A company user's entitlements determine the pages available for selection.

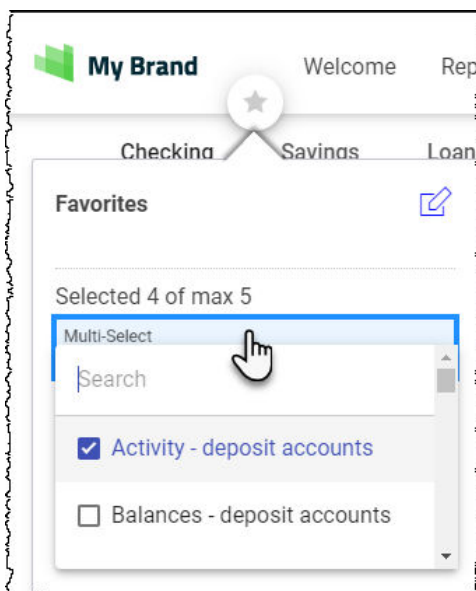

Favorites Sample

Add Favorites

1. Click the star icon () displayed by the main navigation menu.
2. Click the **Multi-Select** drop-down and click the check box beside each page you want to add as a favorite. You can also find a page by typing the name into the **Search** field.
3. Click someplace outside of the **Multi-Select** drop-down and then click **Update**.

Favorites Sample

Delete Favorites

1. Click the star icon () displayed by the main navigation menu.
2. Click the edit icon () beside the **Favorites** heading.
3. Click the delete icon () beside the favorite you want to delete.

View Activity - Company Users

Company users who have the Administration role can view activity for all users. Company users who do not have the Administration role can only view their own activity.

1. Click **Administration > Self Administration > User Activity Report**.
2. Complete the following fields:

Output To	Screen (HTML) or CSV.
Function	The actions taken by the user. Service entitlements determine the functions available for selection.
User ID (if available)	All Users - Include all users in the company. Enter User ID - Type the ID of a specific user in the company. Specific User - Select the user ID from the associated drop-down list.
Date	Specific Date - Selected by default and defaults to the current date. Date Range - Select or type from and to dates.

3. Click **Generate Report**.

Unlock a Software Token License

Unlock a company user's software token license that is locked because of three unsuccessful passcode entry attempts. Unlocking a software token license does not cause the company user to re-activate their mobile device or change their authentication credentials for the software token app.

Note: This capability might not be available to all administrators.

1. Click **Administration > Company Administration > Manage Users**.
2. Click the **System Access** link beside the company user whose license you want to unlock.

3. Go to the **User Software Token Maintenance** section and then click the **reset token user** link.
4. On the pop-up box, click **Reset User**.

Change a Company User's Password

1. Click **Administration > Company Administration > Manage Users**.
2. Click the **System access** link beside the user whose password you want to change.
3. Complete the following **User Information** fields:

Password

The user's password. See the [Company Password Requirements](#) section for details.

Confirm password

The password that was typed into the **Password** field.

4. Click **Save Changes**.

User Profile - Edit User Information Page Sample

The screenshot displays the 'Edit User Info' interface within the 'Company Administration' module. The breadcrumb trail at the top indicates the path: 'Company Administration > Manage Users > Account Information > Account Management > Approval Settings > User Setup Report > Invalid Login Re >'. A '< Back' button and a 'System Access Details' link are located below the breadcrumbs. The main heading is 'Edit User Info', followed by the instruction 'Edit user information and click "Save Changes".' and a 'Return to User Profile' link. The user being edited is identified as 'User: TUSER (Tom User)'. The 'User Information' section contains several input fields: 'Password (Optional)' and 'Confirm Password (Optional)' both with toggle icons; 'First Name' with the value 'Tom'; 'Last Name' with the value 'User'; and 'Additional Information (Optional)' with the value 'On leave until 10/10/2020'. A checkbox for 'User Locked (Optional)' is present and unchecked. At the bottom of the form are two buttons: 'Save Changes' and 'Cancel'.

View Unsuccessful Company User Login Attempts

Company administrators should consider reviewing invalid/unsuccessful login attempts regularly for suspicious activity.

1. Click **Administration > Company Administration > Invalid Login Report**.

2. Complete the following fields:

Output To **Screen (HTML), CSV file, or PDF.**

Date **Specific Date or Date Range.**

Filter **All Users or Specific User.**

3. Click **Generate report.**

User Profiles

About Company User Profiles

A profile consists of a user's contact information, roles, entitled services and accounts, and limits. Profiles are created and managed by company administrators.

The company user creation process is divided into stages:

Stage	Description
Profile & Roles	The user's demographic information, including e-mail and phone number. The role or roles user has in the company (Administration, Approval, and/or Setup).
Services and Accounts	The services and accounts the user can use and, if applicable, the user ID required for accessing an external service, such as Commercial Capture Xpress (CCX).
Limits	The user-specific limits for ACH, Wire, and Bill Pay services (depending on which services are enabled for the user).
Verification	A page that gives Administrators an opportunity to review the profile information before saving or submitting it.

User profiles are automatically saved after each stage is completed. Administrators can save a user profile at any point in the creation process and complete the setup later. Saved user profiles appear in

the **Manage Saved Users** section on the *User Administration* page and remain there until the profile is completed or deleted.

Add Company Users

1. Click **Administration > Company Administration > Manage Users**.
2. Click **Create New User**.
3. Complete the **User Information** fields:

User ID	A user identification number. See the Company User ID Requirements section for details.
Password	A temporary password the user only uses once at their first sign-on. See the Company Password Requirements section for details.
Confirm Password	The password that was typed into the Password field.
First Name	The user's first name (up to 80 alphanumeric characters).
Last Name	The user's last name (up to 80 alphanumeric characters).
Primary E-mail Address	The user's main email address (up to 100 alphanumeric characters).
Secondary E-mail Address (optional)	The user's back-up email address (up to 100 alphanumeric characters).
Additional Information (optional)	Descriptive text about the user (up to 30 alphanumeric characters).

4. Complete the **User Telephone Number** fields:

Label	Work, Work 1, Mobile, Mobile 1, Home, and Other . Each label can be used once, for a maximum of six phone numbers. At least one telephone number is required.
Country/Region	Used for the numeric country code associated with the telephone number. Select from a listing of country names, which are mapped to the appropriate one to three-digit country code.
Area/City Code & Number	The telephone number. Up to 30 characters are allowed.
Extension (optional)	<p>Required when an extension is needed to reach the user within an office phone system. Up to 16 numeric characters are allowed.</p> <p>Some phone systems require entry of additional characters, often referred to as control codes, to reach an extension. The following control codes are allowed:</p> <ul style="list-style-type: none">• Pound (#)• Star (*)

- Comma (short pause - approximately 2 seconds)
- Period (long pause - approximately 5 seconds)

Multiple comma and period characters can be placed before or after an extension to add pause time during system generated calls that are made to users for the purpose of validating their information.

For example, . . 12345. This example extension has a 10 second pause time before the extension and a 5 second pause time after. During a system generated call, the system waits 10 seconds before dialing the extension and waits 5 seconds after it dials before playing an affirmation message such as "Hello. This is Example Company. Please press 1 to...".

5. Click **Continue**.
6. **Optional:** Copy the roles, services, and account entitlements of an existing user to the new user:
 - a. Click **Copy User**.
 - b. Click the **Select User** link.
 - c. Click the radio button beside the user you want to copy and then click **Copy User**.
7. **Optional:** Select one or more **User Roles**:
 - **Allow this user to setup templates**
 - **Allow this user to approve transactions**
 - **Grant this user administration privileges**
8. Click **Continue**.
9. **Optional: Enable Services & Accounts:**
 - a. Click the add icon () beside each service to entitle and if applicable, select the accounts to entitle and/or enter the user's ID for any external application.
10. Click **Continue**.
11. If applicable, change the ACH, wire, and/or bill payment limits:
 - a. If applicable, click the edit icon () beside the **ACH** limits to change them:

User Daily Limit: The maximum allowable cumulative amount of all successful transactions in each day for a group of ACH services.

User Daily Service Limit: The maximum allowable cumulative amount of all successful transactions in each day for a particular ACH service.

User Daily Account Limit: The maximum allowable cumulative amount of all successful ACH transactions on a per account basis in a given day.

- b. If applicable, click the edit icon () beside the **Wire** limits to change them:

User Daily limit: The maximum allowable cumulative amount of all successful transactions in a given day for a group of wire services.

User Daily Service Limit: The maximum allowable cumulative amount of all successful transactions in each day for a particular wire service.

User Daily Account Limit: The maximum allowable cumulative amount of all successful transactions on a per account basis in a given day.

User Individual Transaction Limit: The maximum allowable amount for each transaction for a particular account.

- c. If applicable, click the edit icon () beside the **Bill Payment** limits to change them:

User Transaction Limit: The maximum allowable amount a company user can enter for a bill payment transaction.

User Transaction Approval Limit: The maximum allowable amount a company user can approve for a bill payment transaction entered by another user. Users given the Administration role automatically inherit the company's transaction limits. In this instance the limits cannot be changed.

12. If the services enabled do not have limits, click **Continue**.

13. Verify the user's profile as needed and then click **Create User**.

For companies that do not require multiple approvals for Administration, clicking **Submit** creates and activates the user. For companies that require multiple approvals for Administration, clicking **Create User** submits the user profile for approval by other Administrators in the company.

Delete Company Users

Company user profiles cannot be recovered once deleted. If your company requires multiple approvals for user administration, a user profile that is pending changes cannot be deleted until all the required approvals have been received for the changes or the change request is canceled.

- 1. Click **Administration > Company Administration > Manage Users**.
- 2. Click the link in the **User ID** column for the user you want to delete.
- 3. Click the delete icon (⊗) beside the **User Information** heading.
- 4. Review the information as needed and then click **Delete User**.

About Saved Company User Profiles

Saved users are new user profiles that have been saved in an incomplete state. New user profiles are automatically saved at each stage in the user creation process. Saved user profiles appear under the **Manage Saved Users** section on the *User Administration* page until the setup is complete or they are deleted. Saved profiles cannot be used to sign on to the system until the setup is complete. Saved profiles cannot be copied.

Transaction Limits

About Transaction Limits

Limits help reduce the risk of fraud by allowing companies to restrict the amount of money their users can collect, pay, or wire.

Company limits are set by the financial institution and apply to all users in a particular company. User limits only apply to a particular user in a company and override the company-defined limits when they are more restrictive. A company user's limits cannot exceed the company limits. If a company limit is changed so it is more restrictive than a user's limit, the user limit is automatically set to the company limit.

Limit Types

Limit Name	Description	Service
Daily cumulative	The maximum allowable cumulative amount of all successful transactions in each day for a group of services.	ACH, Wire
Daily by service	The maximum allowable cumulative amount of all successful transactions in each day for a particular service.	ACH, Wire

Limit Name	Description	Service
Daily by account	The maximum allowable cumulative amount of all successful transactions on a per account basis in each day. Each account can have two cumulative limits: one for all ACH transactions and one for all Wire transactions.	ACH, Wire
Daily by account - by transaction	The maximum allowable amount for each transaction for a particular account.	Bill Payment, Wire
Maximum transaction approval	The maximum allowable amount for a bill payment transaction to be approved by a user.	Bill Payment

ACH Limit Hierarchy

Limits can be defined by service, account, and transaction.

ACH limit checking proceeds in the following order:

1. User Daily Limit
2. User ACH Service Limit
3. User's Company Daily Limit
4. User's Company ACH Service Limit
5. User Daily Account Limit
6. Company Daily Account Limit
7. Company Transaction Detail Limit

Wire Limit Hierarchy

Limits can be defined by service, account, and transaction.

Wire limit checking proceeds in the following order:

1. User Daily Limit
2. Company Daily Limit
3. User Daily Account Limit
4. Company Daily Account Limit
5. User Transaction Limit

6. Company Transaction Limit

Bill Payment Hierarchy

Bill Payment limit checking proceeds in the following order:

1. User Transaction Limit
2. User's Company Transaction Limit

Change Transaction Limits

1. Click **Administration > Company Administration > Manage Users**.
2. Click the link in the **User ID** column for the user you want to change.
3. If applicable, change the ACH, wire, and/or bill payment limits:

- a. If applicable, click the edit icon () beside the **ACH** limits to change them:

User Daily Limit: The maximum allowable cumulative amount of all successful transactions in each day for a group of ACH services.

User Daily Service Limit: The maximum allowable cumulative amount of all successful transactions in each day for a particular ACH service.

User Daily Account Limit: The maximum allowable cumulative amount of all successful ACH transactions on a per account basis in a given day.

- b. If applicable, click the edit icon () beside the **Wire** limits to change them:

User Daily limit: The maximum allowable cumulative amount of all successful transactions in a given day for a group of wire services.

User Daily Service Limit: The maximum allowable cumulative amount of all successful transactions in each day for a particular wire service.

User Daily Account Limit: The maximum allowable cumulative amount of all successful transactions on a per account basis in a given day.

User Individual Transaction Limit: The maximum allowable amount for each transaction for a particular account.

- c. If applicable, click the edit icon () beside the **Bill Payment** limits to change them:

User Transaction Limit: The maximum allowable amount a company user can enter for a bill payment transaction.

User Transaction Approval Limit: The maximum allowable amount a company user can approve for a bill payment transaction entered by another user. Users given the Administration role automatically inherit the company's transaction limits. In this instance the limits cannot be changed.

4. If multiple approvals are required for administration changes, do one of the following:
 - If you are done making changes to the limits, click **Submit**.

- If you have more changes to make to the limits, click **Continue**.

Roles and Service and Account Entitlements

About Company User Roles

Roles allow companies to divide responsibilities among their users and reduce the risk of fraud.

There are three roles that can be assigned to a company user:

1. Setup
2. Approval
3. Administration

A company user can have one or more roles assigned or none.

Business Online Banking Role	Description
User (no role)	<p>A user without an assigned role can:</p> <ul style="list-style-type: none">• Enter transactions for services and accounts to which they are entitled• Enter issues, view reconciliation statements, and view decisions made on exceptions for services and accounts to which they are entitled.
Setup	<p>A user with the Setup role can create and maintain templates for transfer and payment services and accounts to which they are entitled. This role is not applicable to account reconciliation or positive pay services. App</p>
Approval	<p>A user with the Approval role can:</p> <ul style="list-style-type: none">• Approve and transmit transactions for transfer and payment services and accounts to which they are entitled.• Approve issues, issue files, decisions made on exceptions, and decision files for services and accounts to which they are entitled.

Business Online Banking Role	Description
Administration	<p>A user with the Administration role is often referred to as an administrator. An administrator can create and maintain company user profiles. This includes assigning company users with their login credentials, roles, service and account entitlements, and transaction limits. Administrators can also rename accounts, reset passwords, and modify the number of approvals required for requests.</p> <p>When a company is set up on Business Online Banking a user in the company is designated as the primary user and assigned the Administration role. The primary user is entitled to all services and to all accounts associated with those services based on the company's profile.</p> <p>A company can have multiple administrators.</p>

Bill Pay Roles

The Business Online Banking role assigned to a company user determines their Bill Pay role.

Business Online Banking Role	Bill Pay Role	Bill Pay Privilege	Available Task
Administration	Administrator	Make Payments	Enter current day or future-dated transactions up to the company limit, regardless of any other limits set for the user
		Approve Payments	Approve any transaction up to the company limit, regardless of any other limits set for the user. Transactions can be approved in advance of their effective date.
		Add / Change Payees	Maintain details of payees.
		Make expedited payments	Make an expedited payment.
		Add / Change automatic rules	Set up recurring payments.
		View Payment Reports	View payment reports. View audit reports.

Business Online Banking Role	Bill Pay Role	Bill Pay Privilege	Available Task
Setup	User	Add / Change Payees	Maintain payee details.
Approval	User	Approve Payments	Approve transactions up to their approval limit. Transactions can be approved in advance of their effective date.
User (No role)	User	Make Payments	Enter current-day or future-dated transactions up to their entry limit
		View Payment Reports	View payment reports.

Note: Payments created by company users who do not have the Approval or Administration role require approval by someone else in their company; none of the payments are auto-approved. Additionally, a company user who has the Administration role **in** Business Online Banking is automatically given access to all accounts set up in the Bill Pay system regardless of their Bill Pay account entitlements in Business Online Banking.

Change a Company User's Roles

1. Click **Administration > Company Administration > Manage Users**.
2. Click the link in the **User ID** column for the user whose roles you want to change.
3. Click the edit icon () beside the **Roles** heading.
4. Add or remove the **User Role** options as needed:
 - Allow this user to setup templates
 - Allow this user to approve transactions
 - Grant this user administration privileges
5. Click **Save changes**.

About Entitlements - Company Users

Entitlements provide companies with another control to divide responsibilities among their users and reduce the risk of fraud. For instance, one company user could be tasked with entering transactions while another is responsible for approving/transmitting them.

There are two types of entitlements:

1. Service
2. Account

As the names suggest, service entitlements grant access to services and account entitlements grant access to accounts. For many services these entitlements work together to give company users full access to a service and its features. For services that have associated account entitlements, if a company user is only entitled to the service but not the accounts, the menu navigation for the service is visible but access to the pages is limited and the service is unusable.

A company's administrator is responsible for assigning entitlements to its users.

Service Entitlements

Service entitlement names typically match or reflect the service name to which it provides access. For example, Internal Transfer is the service entitlement name for the Internal Transfer service. Access to some services, such as Deposit Account Reporting and Positive Pay, are controlled through multiple service entitlements.

Service entitlement names typically match or reflect the service name to which it provides access. For example, Stop Payment is the service entitlement name for the Stop Payment service.

Account Entitlements

Account entitlement names indicate what they allow a company user to do. The service entitlement determines the account entitlements a company user sees.

Account Entitlement	Function
Entitled Account	Allows a company user to: <ul style="list-style-type: none">View an account and its activity and create transactions from the selected account. For the Account Management service, this allows a company user to initiate a request to modify and/or close an account.View outstanding issues, stale issues, exception decisions, and status on issues for the selected account.
Entitle Product	Allows a company user to initiate a request to open an account.
Approve	Allows the end user to approve a request to open, modify, and/or close an account.
Allow Decision/Approve	Allows a company user to approve and make decisions on exceptions for the selected account. This entitlement is applicable to account reconciliation and positive pay services.
Allow Entry	Allows a company user to enter and update issues for the selected account. This entitlement is applicable to account reconciliation and positive pay services.
Allow Approve	Allows a company user with the Approval role to approve manually entered issues for the selected account. This entitlement is applicable to account reconciliation and positive pay services.
Allow Transmit	Allows a company user with the Approval role to approve transactions for an account to which they are entitled.
Receive	Specific to the File Download service. While not technically an account entitlement, this entitlement allows company users to download specific reports.
Entitled To Account	Specific to the Internal Transfer and Multiple Account Transfer services. Allows a company user to view an account, completed transfers, and create transactions to transfer money to it.
Entitled From Account	Specific to the Internal Transfer and Multiple Account Transfer services. Allows a company user to view an account, completed transfers, and create transactions to transfer money from it.

Note: No account entitlement is needed to import or approve check issue files.

Dependent Services

Dependent services are services that must be enabled together. For example, when enabling the Deposit Reporting service for a company user the Information Reporting service must also be enabled. For example, when enabling the Positive Pay Exception Maintenance service for a company user the Positive Pay service must also be enabled.

If Enabled	Also Enable
Incoming Wire Report	Account Reports or Deposit Reporting or Deposit Account Reporting
Loan Advance	Loan
Loan Payment	Loan
Account Reports	Information Reporting
Deposit Account Reporting	Information Reporting
Deposit Reporting	Information Reporting
Imaging Returns	Information Reporting
Positive Pay Issue Maintenance	Positive Pay
Positive Pay Exception Maintenance	Positive Pay
Payee Positive Pay	Positive Pay
Positive Pay Exception Correction	Positive Pay and Positive Pay Exception Maintenance

Note: The service in the right column must be enabled for the service in the left column to have any effect on the user's entitlements.

Add Service and Account Entitlements

1. Click **Administration > Company Administration > Manage Users**.
2. Click the link in the **User ID** column for the user you want to change.
3. Click the edit icon () beside the **Edit Services & Accounts** heading.
4. Click the add icon () beside each service to enable and, if applicable, select the accounts to entitle and/or enter the user's ID for any external application.
5. Click **Save Changes**.
6. If your company requires multiple approvals for user administration, click **Submit**. Once a user profile has been submitted for approval, further changes cannot be made until all approvals have been received or the request is canceled. The changes to the user profile become effective once the required number of approvals is received.

Remove Service and/or Account Entitlements

1. Click **Administration > Company Administration > Manage users**.
2. Click the link in the **User ID** column for the user you want to change.
3. Click the edit icon () beside the **Edit Services & Accounts** heading.
4. Do one or more of the following:
 - To remove a service and its entitled accounts, click the delete icon () beside it.
 - To remove account entitlements for a service, click the edit icon () beside the service and then select the accounts to remove.
5. Click **Save Changes**.

Entitle New Accounts to Services

1. Click **Administration > Company Administration > Account Management**.
2. Click the **User** drop-down and select a user. All user profiles in the company except for saved user profiles are included. Users are shown in alphabetical order in this format: **first name last name - user ID**.
3. Click the **Search** drop-down and choose an account. Contains all accounts in the company. Accounts are shown in alphabetical order in this format: **account description - account type - masked account number**. If more than 20 accounts are available, then a **Search** link appears beside the **Account** drop-down so that a specific account can be more easily located.
4. Click **Go**.
5. Assign service and account entitlements as appropriate:

Service Service entitlement names typically match or reflect the service to which it provides access. Some services may have sub-entitlements that determine access to specific tasks or features.

Entitle Account For account reconciliation and positive pay services, this account entitlement allows a company user to view outstanding issues, stale issues, exception decisions, status on issues, and enter and update issues for the selected account (depending on the services entitled).

For other services, this account entitlement allows a company user to view an account and its activity and create transactions/requests from/for the selected account.

Note: *For the Internal Transfer and Multiple Account Transfer services, **From** and **To** check boxes allow you to choose whether a company user can transfer money from and/or to a specific account.*

Allow Transmit For account reconciliation and positive pay services, this account entitlement allows a company user to approve and make decisions on exceptions for the selected account and allows those with the Approval role to approve manually entered issues for the selected account (depending on the services entitled).

For other services, this account entitlement allows a company user with the Approval role to approve transactions for the selected account.

Note: *The Allow Transmit column only appears when the transmit function is applicable to the service and the selected company user has the Approval role.*

Approve Allows a company user to submit a request to close or modify an account.

Note: *The Entitle Account, Allow Transmit, and/or Approve account entitlements may not be applicable for some services.*

6. Click **Save Changes**.

Change an Account Description

Account descriptions (nicknames) help company users to more easily identify specific accounts when they are used in transactions. Account numbers should not be used for account nicknames.

1. Click **Administration > Company Administration > Account Information**.
2. Click the link in the **Description** column for the account you want to change.
3. Type a name or description (up to 80 alphanumeric characters) into the **Description** field.
4. Click **Save Changes**.

Approvals

About Approvals

Multiple approvals help companies reduce the risk of fraud by ensuring a change or transaction is approved by more than one company user before it is processed.

Administration

Multiple approvals can be required for company user profile additions, changes, and deletions.

Transactions

Multiple approvals can be required to send a transaction and can be based on transaction amount. The number of approvals required can vary based upon the dollar amount of a request. Companies with multiple users can require transactions to be approved by users other than the ones who entered them, provided the setting is available for the service. The number of approvals required for a service should not be greater than the number of users authorized to approve/transmit the transactions.

Multiple approvals can be set uniquely by service.

Templates

Multiple approvals can be required for ACH and Wire template additions, changes, and deletions.

Multiple approvals can be set uniquely by service.

Issues and Decisions

Multiple approvals can be required for exception decisions, imported decision files, issues, and imported issue files. The number of approvals required should not be greater than the number of users authorized to approve the issues/decisions.

Require Multiple Approvals for Transactions

1. Click **Administration > Company Administration > Approval Settings**.
2. In the **Approvals Required for Transactions** section, define the approval settings for the service:

Request Amount	Type the amount of the transaction.
Approvals If Less or Equal	Type the number of approvals required when the transaction amount is less than or equal to the Request Amount .
Approvals If Greater	Type the number of approvals required when the transaction amount exceeds the Request Amount .

3. **Optional:** If applicable, require transactions to be approved by users other than the users who entered them.

- a. Review your company's scheduled transactions and determine if any have been approved by the entry user (e.g., user who created the schedule). If a scheduled transaction has been approved by the entry user, have that user delete and recreate the schedule.

If this step is not performed, then the scheduled transactions with an approval applied by the entry user will fail and be placed in the approval queue where the additional approval(s) can be applied.

- b. Click the **Require Separate Entry From Approval** option. Services that have a checkmark (✓) are required by the financial institution to have this control and cannot be changed.

4. Click **Save Changes**.

Change the Company Stale Date - Full Reconciliation

The stale date is the number of days after which a check written for the corresponding account is considered stale.

1. Click **Administration > Service Administration > Full Account Reconciliation**.
2. Click the **Edit** link.
3. Type the desired number of days into the **Company Stale Date Setting** field.
The company stale date cannot exceed the days defined for the **Maximum Stale Date Setting**. If the new company stale date is more restrictive than the stale date setting for an individual account, then the stale date setting for that account is automatically updated to match the new company stale date setting.
4. Click **Save**.

Positive Pay Administration - Account Information Page Sample

The screenshot shows a web interface for 'Service Administration'. It has three tabs: 'Full Account Reconciliation', 'Positive Pay' (which is selected and highlighted with a green underline), and 'Reverse Positive Pay'. Below the tabs, there are two buttons: '< Back' and 'Edit Account Details'. The main section is titled 'Account Information' and contains several fields:

- TRC: 793000003
- Account Number: 123123123
- Stale Date Setting: 200 (Maximum is 200 Days)
- Minimum Exception Amount: \$ 0 (Maximum is \$0.00)
- Minimum Payee Exception Amount: 9 (Maximum is \$9.00)

At the bottom, there are two buttons: 'Save' (in a green box) and 'Cancel' (in a white box with a grey border).

Change the Minimum Exception Amount - Positive Pay

The minimum exception amount is the minimum dollar amount for exception generation. For example, if the minimum dollar amount is set to \$10, exceptions are generated for items that are equal to or greater than \$10.

1. Click **Administration > Service Administration > Positive Pay**.
2. Click the link in the **Account** column for the account you want to change.
3. Type the new amount into the **Minimum Exception Amount** field.
4. Click **Save**.
